PETITION IN SUPPORT OF OUR MEMBERS

TO: The Honourable Vic Toews

We, the undersigned members and friends of the Vancouver & District Branch of the Customs & Immigration Union strongly request that our members in the Vancouver Recourse Division of CBSA be allowed to remain working in that location. Due to a flawed Strategic Review initiative by the CBSA, the employer is intent on closing this Division to the detriment of the Canadian importing public. We ask that you revoke such decision and allow the employees in Recourse Division in Vancouver to continue providing professional service to Canadians.
